BY YOUR STRIPES

```
D                    A     D
When I think of You dying Lord
Em7        D/F#  G         Asus A
Upon that cruel cross of shame
D          A           D
Oh what a wonder You are
Em7       D/F#    G       A        Bm
Innocent man who for my sin was slain
                Asus        A
The nails that pierced You
G                          D/F#
They couldn't hold You there
        Em7       D/F#
'Cause You were fastened
G                   C2   Asus A
To the cross with love
```

```
D            Bm             G
And by Your stripes I am healed
         Asus    A
By Your stripes I am healed (echo)
D        Bm             G
By Your stripes I am healed
Gm             D                   A
Oh the wonder of, Oh the wonder of
                    D/G
The wonder of Your love
```
