

I'll Hold On

E            A            E            B  
I believe I'll hold on, I'll hold on just a little while longer  
E            A            E B            E  
I believe I'll hold on, I'll hold on just a little while longer

E                            A  
Sometimes this life will get you down  
                          E                            B  
But that's when Jesus, He will come around  
                          E                            A  
He'll Reach down His mighty hand  
                          E B                            E  
He'll pick you up and help you stand

-----  
E            A            E            B  
I believe I'll hold on, I'll hold on just a little while longer  
E            A            E B            E  
I believe I'll hold on, I'll hold on just a little while longer

-----  
E                            A  
Sometimes the pain is hard to bare  
                          E                            B  
Just call upon Jesus and He'll be there  
                          E                            A  
There are times it seems Satan has won  
                          E B                            E  
Just stand in Jesus the work is done

E                            A  
When the winds toss you to and fro  
                          E                            B  
The Lord will be right there just to let you know  
                          E                            A  
That He'll go with you through the storm  
                          E B                            E  
He'll hold your hand, keep you safe and warm

E                            A  
So I'll hold on, just a little while longer  
E                            B  
I'll hold on I know You'll see me through  
                          E                            A  
So I'll hold on, just a little while longer  
E B                            E  
I'll hold on just a little while longer
