

Intro: C G D A2  
C G D A2

A2 C G  
Long ago in the land of Israel,  
D A2  
God sent to us a babe  
A2 C G  
Prophets foretold long before  
D A2  
This baby boy ever came  
C G D A2  
That he would be born in Bethlehem  
C G D A2  
And that he would be called Immanuel  
God with us

Long before man ever fell,  
God's redemption plan was in place  
He saw there would be a need  
For a savior of the human race  
And then the word became flesh,  
Dwelling among the very ones  
He would save

## CHORUS

G D C G  
And God came to live with us  
G D G A2  
God came in the person of His Son  
G D C G  
Though we rejected him  
G D  
Those who would believe will become  
A2  
children of God

# God Came

 (1994)

He lived for some thirty years  
And he taught us the way to live  
But we only laughed and sneered,  
And rejected what he had to give  
We sent him to Calvary  
To die there in pain and suffering,  
on a tree

He could have freed himself  
From the clutches of that bloody cross  
But love held his hands and feet  
To that cross where his life was lost  
And he said, "Father, forgive them,  
They know not just what it is  
that they do"

## bridge

C G D A2  
They buried him that very same day  
C G  
They mourned and wept,  
D Dsus D  
For he had gone away  
C G D  
But he arose that third and glorious day  
C G D  
And through his life we all  
A2  
We all may live!
