

I RUN TO YOU

(CHORUS)

I run to You when I can't go on
I run to You when the pressure is so strong
I run to You when I'm feelin' all alone
When life seems so hard
On my own I can't survive, I run to You

(VERSE)

You were there
When those dark clouds covered my way
You were there when I had no words to say
But now I am changed
I have a friend who stood by my side
Lord, You brought me this far
And I can't give up now
