

# Another Opportunity

## *Verse 1*

Another opportunity  
To see how God will rescue me  
To turn even this to victory  
To see how great my God forever be

## *Verse 2*

Another opportunity  
To fall down upon my knees  
Praying Father do as You please  
It's all in Your hands, at Your command

## *Bridge*

Another opportunity  
Test my faith by fire  
Search my motives  
Tempt my desires  
Got to be sure I can endure....(music interlude)

## *Verse 3*

Another opportunity  
To see what God will do for me  
To turn even this to victory  
To see how He'll deliver me

## *Ending*

To the end I cling to You Christ my friend  
You'll see me through, You always do  
It's another opportunity for my love to grow in you  
It's another opportunity for my trust to grow in you  
It's another opportunity for my faith to grow in you
